

Directions to lunch space for schools

Dear Teachers,

Your school group has a small area roped off in the café area of St Thomas' Hospital available for eating lunch before or after your session in the museum. **We strongly suggest that you visit the café space when you come on your recce before your visit.**

If using the toilets in the hospital please go in small groups, as the toilets can be quite busy with patients and general public.

Directions from Florence Nightingale Museum:

- Exit Florence Nightingale Museum and turn right.
- Walk along the undercroft for 150 metres, keeping on the pavement with the bike racks to your right.
- Where the pavement ends, there is the entrance to the concrete stairs straight ahead of you.
- Go up the stairs. The stairs are steep, please warn children to use the handrail.
- At the top of the stairs, turn right towards the main hospital entrance under triangular atrium roof.
- When in hospital entrance foyer, turn right, keeping Marks & Spenser's on your right.
- Keep going, past WH Smiths
- At the end of the pathway, there is the small café Tom's, with the eating space beyond that.
- Your area is in the far right hand corner and is roped off and has a sign.

Please be aware that this cafe is used by patients, hospital staff and general public. Please clean-up the area after use.
